

New Source Review newspaper advertisements for construction permit applications, July 28, 2005. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: July 26, July 27, or July 28, 2005. Public notices are generally published every two weeks. The previous publication of public notices was July 12 – 14, 2005.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Rainbow Bridge Pet Crematory and Services with a mailing address of 600 S. Main Street, Estill Springs, TN 37330. They seek to obtain an air contaminant permit (Division identification number: 26-0104-01/58286) for construction of an Incinerator at the same address. This proposed operation would consist of one natural gas-fired incinerator to be used for incineration of animal remains. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. G. Latif is the assigned Division person.

For the Franklin County "Herald-Chronicle"--published once on or before Thursday, July 28, 2005.

---

The applicant is Humboldt Cotton dba Farmers Gin of Humboldt with a mailing address of 1500 McKnight Street, Humboldt, TN 38343. They seek to obtain an air contaminant permit (Division identification number: 27-0028-01/58358) for modification of a Cotton Gin located at 1400 McKnight Street, Humboldt, TN 38343. This existing operation consists of gin stands, lint cleaners, and associated equipment used to de-seed cotton. Cyclones and mesh screen are used for pollution control. The requested modification is to increase the annual bales of cotton processed. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. E. Flowers is the assigned Division person.

For the Gibson County "Milan Mirror-Exchange"--published once on or before Thursday, July 28, 2005.

---

The applicant is John Deere Power Products with a mailing address of 1630 Hal Henard Road, Greeneville, TN 37743. They seek to obtain an air contaminant permit (Division identification number: 30-0185-01/58014) for existing Product Testing Activities located at the same address. Because of the amount and type of emissions,

the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. V. Murrell is the assigned Division person.

For the Greene County "Greeneville Sun"--published once on or before Thursday, July 28, 2005.

The applicant is Vulcan Construction Material, L.C. with a mailing address of P.O. Box 7, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 60-0017-03/58332) for construction of a Rock Crushing Operation at 642 Theta Pike, Columbia, TN 38401. This proposed operation would consist of rock crushers, screens, conveyors, and associated equipment for the crushing and screening of rock. Wet suppression would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Robert Benjamin is the assigned Division person.

For the Maury County "Daily Herald"--published once on or before Thursday, July 28, 2005.

The applicant is Wilson Charcoal Co. with a mailing address of 5705 N. York Hwy., Byrdstown, TN 38549. They seek to obtain an air contaminant permit (Division identification number: 69-0021-01/58294) for construction of Charcoal Kilns at the same address. This proposed operation would consist of six (6) charcoal kilns. Afterburners would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the "Pickett County Press"--published once on or before Thursday, July 28, 2005.

The applicant is Cookeville Limestone LLC with a mailing address of P.O. Box 187, Cookeville, TN 38506. They seek to obtain an air contaminant permit (Division identification number: 71-0052-02/58348) for modification of a Rock Crushing Operation located at 1100 Old Cavalry Road, Cookeville, TN 38506. This existing operation consists of crushers, screen, conveyors, feeder, stockpiles and associated equipment used to produce crushed rock. Wet suppression is used for pollution control. The requested modification is to replace an existing screen, conveyors, and feeder with a new screen, conveyors, and feeder. There would be physical construction. Regulated air contaminants emitted by this source would increase. Mr. M. Reynolds is the assigned Division person.

For the Putman County "Cookeville Herald-Citizen"--published once on or before Thursday, July 28, 2005.

The applicant is Lawter International, Inc. an RSM Company with a mailing address of P.O. Box 40, LaVergne, TN 37086. They seek to obtain an air contaminant permit (Division identification number: 75-0199-01/58306) for construction of a Blending Operation at 637 Waldron Road, LaVergne, TN 37086. This proposed operation would consist of equipment necessary for the blending of raw material to produce ink. Solvent recovery equipment would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the Rutherford County "Daily News Journal"--published once on or before Thursday July 28, 2005.

The applicant is Bristol Metals, LP with a mailing address of P.O. Box 1589, Bristol, TN 37621. They seek to obtain an air contaminant permit (Division identification number: 82-0032-07/58324) for construction of a Surface

Coating Operation at 390 Bristol Metals Road, Bristol, TN 37621. This proposed operation would consist of equipment used to coat piping and metal parts. Fabric filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Martin is the assigned Division person.

For the Sullivan County "Bristol Herald Courier"--published once on or before Thursday, July 28, 2005.

---

The applicant is WastAway Services, LLC with a mailing address of P.O. Box 7113, McMinnville, TN 37111. They seek to obtain an air contaminant permit (Division identification number: 89-0110-01/58316) for construction of a Recycling Operation at 193 Mountain View Industrial Drive, Morrison, TN 37357. This proposed operation would consist of equipment used to shred, grind, and heat municipal solid waste to make a reusable product called fluff. Because of the amount and type of pollutants, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Ahmed is the assigned Division person.

For the Warren County "Southern Standard"--published once on or before Thursday, July 28, 2005.

---

The applicant is Perma "R" Products, Inc. with a mailing address of P.O. Box 5235, Johnson City, TN 37602-5235. They seek to obtain an air contaminant permit (Division identification number: 90-0207-02/57915) for modification of a Foam Production Process located at 109 Perma R Road, Johnson City, TN 37602. This existing operation consists of three (3) pre-expanders used in the production of polystyrene foam. The proposed modification is to increase their volatile organic compounds (VOC) emissions. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. Regulated air contaminants would be emitted by this source. There would be no physical construction. Perma "R" Products, Inc. has agreed to be bound by a permit that limits their potential to emit for VOC such that they are below the applicability threshold of 100 tons per year to opt out of being subject to the provisions of paragraph 1200-3-9-.02(11) of the Tennessee Air Pollution Control Regulations (also frequently referred to as Title V regulations). Perma "R" Products, Inc. has also agreed to maintain sufficient records to assure compliance with this emission limit. Mr. Roy Chuang is the assigned Division person.

For the Washington County "Johnson City Press"--published once on or before Thursday, July 28, 2005.

---

The applicant is Home Depot Convenience, LLC with a mailing address of 2455 Paces Ferry Road, Atlanta, GA 30339. They seek to obtain an air contaminant permit (Division identification number: 94-0286-01/58298) for construction of a Gasoline Dispensing Facility - Home Depot Convenience, LLC located at 8101 Moores Lane, Brentwood, TN 37027. This proposed operation would consist of one (1) 15,000-gallon gasoline tank, one (1) 10,000-gallon gasoline tank, and 12 gasoline dispensing nozzles with Stage I and Stage II vapor recovery equipment used for gasoline emission control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. G. Gatlin is the assigned Division person.

For the Davidson County "Tennessean-Williamson AM"--published once on or before Thursday, July 28, 2005.

---

The applicant is Home Depot Convenience, LLC with a mailing address of 2455 Paces Ferry Road, Atlanta, GA 30339. They seek to obtain an air contaminant permit (Division identification number: 95-0283-01/58299) for construction of a Gasoline Dispensing Facility - Home Depot Convenience, LLC located at 955 South Hartman Drive, Lebanon, TN 37087. This proposed operation would consist of one (1) 15,000-gallon gasoline tank, one

(1) 10,000-gallon gasoline tank, and 12 gasoline dispensing nozzles with Stage I and Stage II vapor recovery equipment used for gasoline emission control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. G. Gatlin is the assigned Division person.

For the Wilson County "Lebanon Democrat" --published once on or before Thursday, July 28, 2005.
